

Lifeproof design

Designed to stay
beautiful. Because
it's meant to be
lived in.

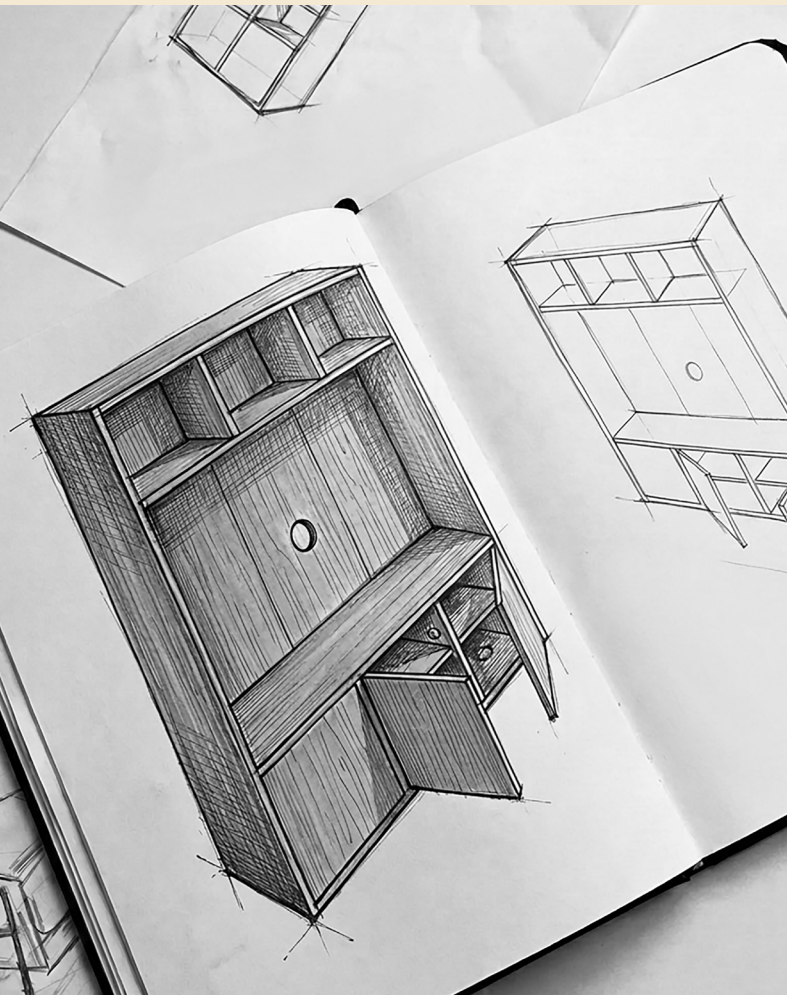

Timeless *frame*

At WOOD,
we don't just
make furniture
We become part of
everyday life.

Collection 2026/2027

Made in Holland

*Where it all begins. Close to home.
Close to how we work.*

Nestled among windmills and tulip fields in the north of the Netherlands is our very own factory. It's where WOOD began, where we continue to grow, and where you'll find our Experience Center.

From the very first sketch to the final finish, around 30% of our collection is made in the Netherlands. From our distribution centre in Hoorn, our furniture makes its way to more than 50 countries and over 1,500 retail partners worldwide.

Keeping production close to home is a conscious choice. It means shorter transport routes, more efficient production and the flexibility to respond quickly to changing needs. Better for us, and a little better for the world around us.

Craftsmanship, local production and a practical Dutch mindset. That's how we create furniture that's built to last and designed to grow with the way we live. You're welcome to visit our Experience Center from Friday to Sunday. Come by, get inspired and discover how our furniture becomes part of your home.

Most of the wood comes from our own supplier, De Eekhoorn Dutch Furniture, which is proudly FSC®-certified,

helping to ensure that it comes from responsibly managed forests. This internationally recognized certification ensures that raw materials for wooden products are sourced from responsibly managed forests. FSC®-certified products and series are clearly indicated in the product description.

The mark of
responsible forestry

Design.

*But also the place where kids
build, create and play.*

Brock 2-doors cabinet ash
veneer mid brown (FSC)

**At WOOD, we don't
just make furniture.**
We become part of everyday life.

Behind the front door. Within the four walls of home. Chairs you sink into. Sofas that become a favourite spot. Tables where dinners are shared, homework is done, children play, hobbies come to life and everyday moments unfold.

We're there for the little moments and the occasions worth celebrating. And even for the moments you'd rather forget, the ones that make life real, unexpected and all the more interesting. As a solid foundation. As stylish décor. As a warm embrace.

Whether handcrafted or thoughtfully selected, every piece is designed to make room for the things that matter most. For living, laughing, relaxing and everything that makes a home feel like your own.

Furniture that becomes more than just part of your home.
Designed for living. Made for life.

Timeless *frame*

A timeless interior doesn't start with trends. It starts with a strong foundation. That's exactly what we're celebrating this season.

A cabinet that once held toys and now displays your favourite tableware. A dining table that has seen arts and crafts, long dinners and fiercely competitive game nights. An armchair you weren't allowed to sit in with sticky fingers, but that's now the first place you sink into after a long day. Furniture that's never just for a moment, but made to grow with you through every chapter of life.

Timeless Frame isn't about following trends. It's about furniture that continues to feel right as life changes. With timeless materials, thoughtful design and a quiet sense of character, these pieces feel just as at home today as they will ten years from now.

Designed to stay. Whatever life brings.

Build wall cabinet combination
268 cm oak decor brown (FSC)

A new stack of books finds its way in. Holiday souvenirs slowly turn into a collection. Toys make room for carefully chosen décor. And before you know it, your home is asking for a little more space.

That's where Build comes in. Create a cabinet that fits your home, your belongings and the way you live today. Need more storage later on? Simply build on. Add another module, create extra storage or leave room to display the pieces you want to show off. Build isn't designed to stay the same. It's designed to grow and adapt with you.

Build for now. Ready for what's next.

1. Omaire 4-seater sofa chenille taupe (FSC) • 2. Volu coffee table mango wood brown (FSC) • 3. Weavly rug 170x240 cm wool light brown/natural • 4. Rela cushions velvet brown/ecru - set of 4 • 5. Bask armchair walnut wood brown

1. Dot floor lamp 160 cm metal high gloss dark grey
2. Build wall cabinet combination 188 cm oak decor brown (FSC)
3. Nodu side table mango wood brown (FSC)
4. Granu coffee table marble/mango wood brown (FSC)
5. Omaire 4-seater sofa chenille rust brown (FSC)

The timeless design of the Build cabinets starts with the right materials. The warm oak finish brings a natural look that never goes out of style. The durable melamine surface is made for everyday life and easy to maintain. Spilled lemonade, sticky fingerprints or the little accidents that come with everyday life? They're gone in seconds.

Inside the cabinet, the linen look finish adds a soft contrast. Because even the details hidden behind closed doors deserve attention.

1. **Arles** vase brown glass
2. **Rexo** plant stand metal high gloss brown
3. **Bask** armchair oak wood natural (FSC)
4. Selection of **Build** cabinets oak decor natural (FSC)

drawers pine warm
grey (FSC)
4. **Sarli** pouf high chenille
grey/blue (FSC)

Lifeproof *design*

A beautiful home isn't perfect. It's lived in. And that's exactly how it should be. The little signs of everyday life are what make a home feel personal. From quiet mornings to a house full of guests. From a coffee table that's more likely to hold tired feet than coffee, to a chair that's quietly become a wardrobe.

Lifeproof design isn't about being careful. It's about furniture that's made for everyday life, without compromising on style.

Designed to stay beautiful. Because it's meant to be lived in.

- 1. **Pico** swivel armchair velvet structured sand (FSC)
- 2. **Exhibit xl** 2-doors display case metal dark brown
- 3. **Sile** dining chair linen look sand - set of 2 (FSC)
- 4. **Kivo** side table metal high gloss sand

2. **Floyd** side table
metal petrol blue
3. **Ferry** side table
metal dark purple
4. **Fedde** side table
metal light yellow
5. **Hekla** side table
metal dark blue

Playful colour

Warmth, atmosphere and, above all, colour. Sometimes, all it takes is a playful splash of colour to transform a room completely. A pink armchair with a bold graphic pattern, a cabinet in a rich burgundy shade or a green side table that catches the light and draws the eye.

Playful colour is all about embracing colour.
Warm tones, rich materials and furniture
that brings character to your home. A strong
foundation, brought to life with personality.

Add colour to your everyday life.

1. Umina 2-seater sofa slub chenille burgundy red (FSC) • **2. Bexi** candle holder metal brown/red - set of 3 • **3. Savo** coffee table mdf high gloss old pink (FSC) • **4. Alya** rug organic pale brown 170x240 cm • **5. Toval** plant stand/pot high metal high gloss dark purple

Create your space with Mojo Base

Meet Mojo Base: the renewed version of our beloved Mojo. Its signature soft, rounded shapes remain, while the vertical stitching has been replaced with a clean, seamless finish. The result is a calm, timeless foundation that blends effortlessly into your everyday life.

A sofa to sink into, gather around and truly unwind. Thanks to its modular elements, you can configure Mojo Base to suit your lifestyle perfectly. From a compact setup to a spacious corner sofa, it combines timeless design with everyday comfort and is made to be part of your home for years to come.

A fresh look for familiar favourites

Sometimes, all it takes is a new colour or material to give a familiar design a fresh feel. The same favourites, reimagined for today.

1

Exhibit XL

With its powerful appearance, it gives any room just a bit more character.

2

Rhonda

This round oak table combines a natural look with a warm tone that adds warmth and atmosphere to your home.

3

Jenny

Whether you linger over dinner or sit down quickly, Jenny always provides a comfortable and stylish seat.

4

Mojo

Thanks to the generous seating area and supportive backrest, the dining bench offers plenty of room to sit comfortably.

5

Mae

A stylish side table that instantly adds a warm, earthy atmosphere to your interior.

6

Loft

Make a statement with the Loft floor lamp in old pink. Soft bouclé brings warmth, texture and character to any space.

7

Merel

The burgundy red storage cabinet combines timeless elegance with modern functionality.

8

Serra

The swivel armchair immediately stands out. The graphic pattern and rounded shape make it a true eye-catcher.

1. **Loft** hanging lamp metal/

- 8. **Olvo** side table metal with tiles brown

Create your own *Meggy cinewall*

Meggy proves that practical can be beautiful too. Start with a single cabinet and add more as your needs grow. Create a wall that fits your space today and adapts to whatever tomorrow brings. Display the pieces you love, tuck everything else neatly behind closed doors and create a storage wall that feels calm, balanced and completely your own. Made in our own factory in the Netherlands using pine from an FSC®-certified supplier, Meggy is built to last for years.

Behind every beautiful home is a cabinet that keeps everyday clutter out of sight. From spare candles and tangled chargers to all those little things that never seem to have a place of their own.

5. **Build** small open storage cabinet oak decor natural (FSC)

From sideboard to the perfect coffee corner

Give your favourite WOOD piece a brand new look with this simple DIY project. All it takes is a few tiles to transform the Basu sideboard into a stylish coffee corner.

1. Lay out the tiles

Arrange the tiles on the top before applying any adhesive. This way, you can check the pattern, see where cuts may be needed and make sure everything lines up perfectly.

2. Apply the adhesive

Spread an even layer of tile adhesive across the surface using a notched trowel. Work carefully and ensure that the paste is evenly spread.

3. Place the tiles

Place the tiles one by one in the adhesive and press them down firmly. Check regularly that everything stays aligned.

4. Add the spacers

Place tile spacers between each tile for clean and even finish. After this, leave the surface to dry for 24 hours before continuing. This way we make sure the tiles are properly secured.

5. Protect the edges

Carefully mask the sides of the sideboard before grouting. This will prevent grout from getting into places where you don't want it.

7. Wipe clean

Remove any excess grout with a slightly damp sponge. Work carefully to ensure the joints remain neat.

6. Apply the grout

Apply the grout using a grouting trowel and spread it evenly across the joints.

8. The finishing touch

Once everything has dried, polish the tiles with a clean, dry cloth to remove any remaining residue and reveal the finished result.

Essentials

- Basu sideboard
- Tiles of your choice (we used the tiles *vtwonen Villa Dark Gold metallic 13x13* from Douglas & Jones)
- Tile adhesive
- Notched trowel
- Tile spacers
- Masking tape
- Grout
- Grout float
- Sponge
- Bucket of clean water
- Dry, clean cloth
